# Health Kits for Kids

A Mission Project of the New York Annual  
Conference for Children and Youth

Imagine hundreds of children and youth of the New York Annual Conference sending thousands of Health Kits to children and families around world through UMCOR!

## Here's how we can do this:

- ⚙ **Starting now**, challenge your children and youth to raise money to purchase the supplies for the kits.
- ⚙ Mail the funds to the New York Annual Conference, 20 Soundview Avenue, White Plains, NY 10606. *(Checks should be made payable to NYAC, with a memo indicating the money is for the Kits for Kids project.)*
- ⚙ Supplies will then be purchased in bulk and brought to Hofstra University on Saturday, June 12, where they will be assembled and packed all the children and youth who attend Annual Conference that day!

*Share your fund-raising ideas, stories and photographs with Rev. Ann Pearson.  
Send them to [apearson@nyac.com](mailto:apearson@nyac.com)!*
